The High Authority for Health approves the American Novavax vaccine - the 5th put on the market in France. It is based on a more traditional technology than its competitors and is without Messenger RNA. Novavax is thus a useful alternative for people reluctant to receive an anti-covid injection. The first doses of Novavax may be administered as early as February.

About 700,000 French people might lose your sanitary pass tomorrow. Those who have not received their third dose 7 months after the second will have their passes revoked. The *Assurance Maladie* has set up a website to find out the expiry date of your vaccine. It is [www.monrappelvaccinocovid.fr](http://www.monrappelvaccinocovid.fr)

He was wanted for 20 years by authorities. A man suspected of drug trafficking was arrested on a motorway rest area near Besançon on January 1. According to a source close to the case, he may be the brother of Sofiane Hambli, an international trafficker arrested in October in Morocco. He is a key figure in the scandal of the importation in France of 7 tons of cannabis in 2015. The case had resulted in the firing of the head of the anti-drug unit at the time.

It was supposed to increase, and it will actually double. The rate of the livret A will go from 0.5% to 1% on February 1. This is a first in ten years. The confirmation came from Bruno Lemaire today on TF1. The Minister of Economy has followed the recommendations of the Banque de France, which took into account the sharp rise in inflation over the past six months.

And then the 49th edition of the Angoulême comic strip festival will take place from March 17 to the 20, as announced by its organizers on Twitter. Originally scheduled for January, the event had been postponed due to the epidemic upsurge and the constraints linked to maximum capacities.
