What is the level of French students at school? The OECD is currently publishing its Pisa report, which evaluates the level of students in more than 80 countries. It is based on the evaluations of 15-year-old schoolchildren. It has been several years since France has been among the best; the country is now among the lowest. Faced with this, Gabriel Attal will unveil a series of measures this afternoon to raise the level of French students. The Minister of Education is expected to announce today the creation of level groups in middle school or even an easier recourse to repetition.

2 people are still in police custody after the attack in Paris which caused one death and 2 people to be injured on Saturday evening. These two people are the main suspect, a radicalized 26-year-old Franco-Iranian, "fiche S" and suffering from a psychiatric disorder, as well as his sister, a 27-year-old woman, also "fiché S". The parents of the alleged assailant were released.

A 15-year-old teenager was stabbed to death in the town of Ezanville, in Val-d'Oise. The events took place yesterday evening during a brawl between 2 rival gangs. An investigation was opened to determine the exact circumstances of the tragedy. Faced with the risk of further incidents, law enforcement officers are mobilized on site.

Israel is intensifying its offensive on the Gaza Strip. New strikes are being carried out in the south of this Palestinian enclave. France announced that it had frozen the assets of the leader of Hamas in Gaza for 6 months. This person is considered to be the mastermind of the Islamist movement's attack on Israel on October 7.

The level of risk linked to the avian flu was raised today, across the entire country, from "moderate" to "high". A decree published in the official journal provides for the confinement poultry. The measure comes into force immediately.

And then just published on YouTube, the presentation video of the GTA 6 game has already been viewed more than 50 million times in 10 hours, which is a record. This is the most anticipated video game of the decade. Its release is planned for 2025.
