

How to improve your vocabulary quickly

✓ 1 > Listen  and read  at the same time

✓ 2 > Listen  without reading  .

✓ 3 > Test your comprehension:
listen the vocabulary alone to remember the meaning
and repeat each word

If necessary, you have the translation at the end.

FLIGHT ATTENDANT

FIRST PART

- **Boarding Pass:** "Please ensure you have your boarding pass ready for inspection before boarding the aircraft."
- **Cabin Crew:** "The cabin crew is responsible for ensuring the safety and comfort of all passengers during the flight."
- **Emergency Exit:** "Familiarize yourself with the location of the emergency exit nearest to your seat for safety reasons."
- **Fasten Your Seatbelt:** "Ladies and gentlemen, we kindly ask you to fasten your seatbelts as we prepare for takeoff."
- **In-flight Meal:** "Business class passengers are entitled to a gourmet in-flight meal during the journey."
- **Life Vest:** "In case of an emergency water landing, please locate and don your life vest as instructed by the cabin crew."
- **Overhead Compartment:** "Please stow your carry-on luggage in the overhead compartment to ensure a smooth boarding process."

- **Security Check:** "All passengers must undergo a thorough security check before entering the departure area."
- **Takeoff:** "The captain will provide information about our route and expected weather conditions shortly after takeoff."
- **Landing:** "Prepare for landing; please return your seat to the upright position and secure your tray table."
- **Window Seat:** "I prefer a window seat for the scenic views during the flight."
- **Aisle Seat:** "As a preference, I always choose an aisle seat for easier access during the flight."
- **Tray Table:** "Please ensure your tray table is stowed and locked for takeoff and landing."
- **Call Button:** "Feel free to use the call button if you require any assistance during the flight."
- **Cabin Pressure:** "The captain will inform you of any changes in cabin pressure during the flight."
- **Arrival Time:** "We anticipate an early arrival, and we appreciate your cooperation during the flight."
- **Departure Time:** "Passengers are reminded to be at the gate well in advance of the departure time."
- **Connecting Flight:** "Please check the information display for your connecting flight details upon arrival."
- **Customs Declaration:** "Ensure you accurately complete the customs declaration form before reaching your destination."
- **Duty-Free Shop:** "Passengers may enjoy shopping at the duty-free store before boarding."
- **In-flight Entertainment:** "Our long-haul flights offer a variety of in-flight entertainment options for your enjoyment."
- **Cruising Altitude:** "We have reached our cruising altitude of 35,000 feet for a smooth and comfortable journey."
- **Headphones:** "Complimentary headphones are provided for passengers to enjoy the in-flight entertainment."
- **Lost and Found:** "If you lose any belongings during the flight, please contact the lost and found department upon arrival."

- **Passport Control:** "Passengers must go through passport control before entering the country."
- **Seat Belt Sign:** "Please remain seated with your seatbelt fastened until the seat belt sign is turned off."
- **Gate Number:** "Check the information board for the gate number of your departure."
- **Connecting Flight:** "Passengers with connecting flights should proceed to the designated gate for boarding."
- **Baggage Claim:** "Please proceed to the baggage claim area to collect your checked luggage."
- **Turbulence:** "Ladies and gentlemen, we may experience some turbulence, so please remain seated with your seatbelt fastened."
- **Boarding Time:** "Passengers are requested to be at the gate well in advance of the boarding time."
- **Gate Agent:** "If you have any questions or require assistance, please approach the gate agent."
- **Aircraft:** "Our airline operates a modern and efficient fleet of aircraft for passenger comfort and safety."
- **Bulkhead Seat:** "Passengers with infants often prefer the extra legroom provided by a bulkhead seat."
- **Cockpit:** "Access to the cockpit is restricted to authorized personnel for security reasons."
- **Final Call:** "This is the final call for passengers on flight 123 to board at gate 5."
- **Galley:** "The flight attendants are busy preparing meals and beverages in the galley."
- **Ground Crew:** "The ground crew plays a crucial role in ensuring a smooth and timely departure of the aircraft."
- **Jet Lag:** "Pilots and flight crew often experience jet lag due to frequent time zone changes."
- **Lavatory:** "Please inform the passengers that the lavatory is located at the rear of the aircraft."
- **Boarding Gate:** "The boarding gate for our flight to London is Gate 3. Please proceed to the gate for boarding."
- **Passenger Manifest:** "The flight crew will review the passenger manifest to ensure that everyone is on board before departure."

- **Seat Pocket:** "You can find the safety card and in-flight magazine in the seat pocket in front of you."
- **Security Screening:** "All passengers are required to undergo security screening before boarding the aircraft."
- **Boarding Announcement:** "We will begin the boarding process shortly. Please listen for the boarding announcement."
- **Immigration Form:** "Passengers traveling internationally must fill out the immigration form before clearing customs."
- **Luggage Tag:** "Make sure to attach a luggage tag to your suitcase with your contact information."
- **In-flight Magazine:** "The in-flight magazine features articles about our destinations and airline services."
- **Bulkhead:** "Passengers seated in the bulkhead have extra legroom and are close to the front of the aircraft."
- **Boarding Pass:** "Please have your boarding pass and identification ready for the boarding process."
- **Cabin Crew:** "The cabin crew is here to assist you with any questions or concerns during the flight."
- **Emergency Exit:** "Familiarize yourself with the location of the emergency exits in case of an evacuation."
- **Fasten Your Seatbelt:** "For your safety, please fasten your seatbelt whenever the seatbelt sign is illuminated."
- **In-flight Meal:** "Passengers in business class will enjoy a complimentary in-flight meal during the journey."
- **Life Vest:** "In case of an emergency, reach under your seat for the life vest and follow the crew's instructions."
- **Overhead Compartment:** "Please store your carry-on luggage in the overhead compartment, keeping the aisles clear."
- **Security Check:** "Passengers are required to undergo a thorough security check before entering the terminal."
- **Takeoff:** "The captain will inform the cabin crew about the scheduled takeoff time."
- **Landing:** "We anticipate a smooth landing at our destination in approximately 30 minutes."

- **Window Seat:** "If you prefer a window seat, please let the gate agent know during the boarding process."
- **Aisle Seat:** "Passengers with aisle seats have easier access to the restroom and can move freely."
- **Tray Table:** "Please ensure that your tray table is stowed during takeoff and landing."
- **Call Button:** "If you require assistance, feel free to use the call button, and a flight attendant will help you."
- **Cabin Pressure:** "The cabin pressure is maintained at a comfortable level throughout the flight."
- **Arrival Time:** "The estimated arrival time for our flight is 3:30 PM local time."
- **Departure Time:** "The departure time for our next flight is scheduled for 9:45 AM."
- **Connecting Flight:** "Passengers with connecting flights should check the information board for gate details."
- **Customs Declaration:** "Passengers entering a new country must complete a customs declaration form."
- **Duty-Free Shop:** "You can purchase duty-free items at the duty-free shop before boarding."
- **In-flight Entertainment:** "Enjoy a variety of in-flight entertainment options, including movies and music."
- **Cruising Altitude:** "The aircraft will reach its cruising altitude of 35,000 feet in approximately 20 minutes."
- **Headphones:** "Complimentary headphones are available for passengers to use during the flight."
- **Lost and Found:** "If you lose any belongings during the flight, please visit the lost and found desk at the airport."
- **Passport Control:** "Passengers traveling internationally must go through passport control upon arrival."
- **Seat Belt Sign:** "Please remain seated and fasten your seatbelt when the seat belt sign is illuminated."
- **Gate Number:** "Check the information board for the gate number of your departing flight."

- **Connecting Flight:** "If you have a connecting flight, follow the signs to the connecting flight area."
- **Baggage Claim:** "Collect your checked baggage at the baggage claim area after landing."
- **Turbulence:** "Please return to your seats and fasten your seatbelts as we are experiencing turbulence."
- **Boarding Time:** "Boarding time for our flight is scheduled for 1:30 PM. Please be at the gate on time."
- **Gate Agent:** "If you have any questions or need assistance, please approach the gate agent."
- **Aircraft:** "Our aircraft for this flight is a state-of-the-art Boeing 737."
- **Connecting Flight:** "Passengers with connecting flights should proceed to the connecting flight area."
- **Bulkhead Seat:** "Passengers seated in the bulkhead have additional legroom for a more comfortable experience."
- **Cockpit:** "Access to the cockpit is restricted to authorized personnel for safety reasons."
- **Final Call:** "This is the final call for passengers traveling on flight 123 to Paris."
- **Galley:** "The galley is where the cabin crew prepares and serves meals during the flight."
- **Ground Crew:** "The ground crew is responsible for loading and unloading baggage from the aircraft."
- **Jet Lag:** "Passengers traveling across multiple time zones may experience jet lag. Rest and stay hydrated."
- **Lavatory:** "Please use the lavatory in your assigned cabin section to avoid congestion."
- **Boarding Gate:** "The boarding gate for our next flight is located in the B Concourse."
- **Passenger Manifest:** "The passenger manifest includes a list of all individuals on board the aircraft."
- **Seat Pocket:** "Check the seat pocket for the safety card and any in-flight reading materials."

- **Security Screening:** "Passengers are subject to thorough security screening before boarding the plane."
- **Boarding Announcement:** "Listen for the boarding announcement to know when your group can board."
- **Immigration Form:** "Complete the immigration form before reaching the customs area."
- **Luggage Tag:** "Attach a luggage tag with your name and contact information to your suitcase."
- **In-flight Magazine:** "The in-flight magazine provides information about our airline and travel destinations."
- **Bulkhead:** "Passengers seated in the bulkhead have extra legroom and are near the front of the aircraft."
- **Airplane Mode:** "Please switch your electronic devices to airplane mode during the flight."
- **Baggage Handler:** "Baggage handlers are responsible for loading and unloading luggage from the aircraft."
- **Boarding Procedure:** "Familiarize yourself with the boarding procedure outlined on your boarding pass."
- **Cabin Announcement:** "The captain will make a cabin announcement with important flight information."
- **Cabin Crew Uniform:** "Cabin crew members wear a distinctive uniform for easy identification."
- **Catering Service:** "The catering service ensures that meals are prepared and served on the aircraft."
- **Cockpit Door Lock:** "Access to the cockpit is secured with a locked door for safety."
- **Connecting Gate:** "Follow the signs to find your connecting gate for the next flight."
- **Crew Member:** "Each crew member has specific responsibilities to ensure a safe and comfortable flight."
- **Customs Inspection:** "Pass through customs inspection before exiting the airport."
- **Deboarding Process:** "The deboarding process will begin once the aircraft has come to a complete stop."
- **Duty-Free Allowance:** "Check the duty-free allowance for items you can purchase without paying duty."

- **Electronic Boarding Pass:** "You can use an electronic boarding pass on your smartphone for convenience."
- **Flight Control System:** "The flight control system ensures the stability and navigation of the aircraft."
- **Flight Status Update:** "Check the flight status update for any changes or delays to your journey."
- **Gate Change Announcement:** "Pay attention to gate change announcements in case of any updates."
- **In-flight Beverage:** "Enjoy a complimentary in-flight beverage during your journey."
- **In-flight Connectivity:** "Some airlines offer in-flight connectivity for passengers to use the internet."
- **In-flight Entertainment:** "Choose from a variety of movies and TV shows for in-flight entertainment."
- **Lavatory:** "Please inform the passengers that the lavatory is located at the rear of the aircraft."
- **Boarding Gate:** "The boarding gate for our flight to London is Gate 3. Please proceed to the gate for boarding."
- **Passenger Manifest:** "The flight crew will review the passenger manifest to ensure that everyone is on board before departure."

- **Flight Status Update:** "Check the flight status update for any changes or delays to your journey."
- **Gate Change Announcement:** "Pay attention to gate change announcements in case of any updates."
- **In-flight Beverage:** "Enjoy a complimentary in-flight beverage during your journey."
- **In-flight Connectivity:** "Some airlines offer in-flight connectivity for passengers to use the internet."
- **In-flight Entertainment:** "Choose from a variety of movies and TV shows for in-flight entertainment."
- **Cabin Door Operation:** "Cabin crew members undergo rigorous training on cabin door operation to ensure swift and secure opening and closing procedures."

- **Catering Truck Loading:** "The catering truck loading process involves carefully loading meals and refreshments onto the aircraft for in-flight service."
- **Cockpit Instrument Panel:** "The pilot relies on the cockpit instrument panel for critical information on altitude, airspeed, and navigation during the flight."
- **Crew Communication System:** "A reliable crew communication system is essential for effective communication between the cockpit and cabin crew throughout the flight."
- **Deplaning Announcement:** "The deplaning announcement provides passengers with important information as they disembark the aircraft."
- **Duty-Free Shopping Catalog:** "Passengers can browse the duty-free shopping catalog to explore a range of tax-free products available for purchase during the flight."
- **Emergency Evacuation Drill:** "Cabin crew members conduct regular emergency evacuation drills to ensure a quick and orderly evacuation in the event of an emergency."
- **Flight Attendant Rest Period:** "Flight attendants have scheduled rest periods to ensure they are well-rested and alert during the entirety of the flight."
- **Gate Check Procedures:** "Gate check procedures involve tagging and transporting larger carry-on items that cannot fit in the cabin to be loaded in the aircraft's hold."
- **In-flight Announcement Script:** "The in-flight announcement script is carefully crafted to convey important information to passengers during the flight."
- **In-flight Security Measures:** "In-flight security measures are in place to safeguard passengers and crew members throughout the journey."
- **Lavatory Cleaning Schedule:** "A strict lavatory cleaning schedule is maintained to ensure cleanliness and hygiene standards are upheld throughout the flight."
- **Mobile Boarding Pass Validation:** "During boarding, mobile boarding pass validation is conducted to confirm the authenticity of electronic boarding passes."
- **Onboard Emergency Equipment:** "The aircraft is equipped with various onboard emergency equipment, including life vests and oxygen masks, to ensure passenger safety."
- **Overhead Bin Capacity:** "Passengers are reminded to be mindful of overhead bin capacity to prevent delays and ensure a smooth boarding process."

- **Passenger Announcement Language:** "The choice of passenger announcement language is based on the diverse backgrounds of passengers to ensure clear communication."
- **Pilot Communication Procedures:** "Pilots follow strict communication procedures to maintain clear and concise communication with air traffic control and the cabin crew."
- **Pre-boarding Security Check:** "The pre-boarding security check is a crucial step to ensure the safety and security of passengers before entering the aircraft."
- **Seat Belt Extender Availability:** "For passengers who require additional length, seat belt extender availability ensures a comfortable and secure fit during the flight."
- **Security Screening Protocol:** "Adhering to the security screening protocol is essential for maintaining a secure environment at airports and onboard aircraft."
- **Ticket Counter Operations:** "Efficient ticket counter operations are vital for handling check-ins, issuing boarding passes, and addressing passenger inquiries."
- **Travel Document Inspection:** "Travel document inspection is a standard procedure to verify the identity and eligibility of passengers before boarding."
- **VIP Passenger Boarding Process:** "The VIP passenger boarding process is designed to provide a seamless and exclusive experience for high-profile travelers."
- **Window Seat Preference:** "Passengers can indicate their window seat preference during the booking process for a better view during the flight."
- **Airplane Cabin Configuration:** "The airplane cabin configuration determines the layout of seating, aisles, and other features to optimize passenger comfort."
- **Baggage Claim Area Signs:** "Clear signage in the baggage claim area guides passengers to the correct location for retrieving their checked luggage."
- **Cabin Crew Emergency Training:** "Cabin crew members undergo extensive emergency training to handle various situations and ensure passenger safety."
- **Catering Service Standards:** "Catering service standards are maintained to provide passengers with high-quality and hygienic in-flight meals."
- **Cockpit Instrument Calibration:** "Regular cockpit instrument calibration ensures the accuracy of instruments used for navigation and aircraft control."
- **Connecting Flight Information Desk:** "Passengers with connecting flights can visit the connecting flight information desk for assistance and guidance."

- **Delayed Departure Announcement:** "In the event of a delayed departure, the airline makes a timely announcement to keep passengers informed."
- **Economy Class Seating Arrangement:** "The economy class seating arrangement is designed to maximize space and comfort for passengers traveling on a budget."
- **Flight Attendant Etiquette:** "Flight attendant etiquette involves maintaining a professional demeanor and providing excellent service to passengers."
- **Gate Assignment Information:** "Check the information board for gate assignment information to locate the correct gate for your flight."
- **In-flight Catering Menu:** "Explore the in-flight catering menu to choose from a variety of meals and refreshments offered during the journey."
- **Jet Bridge Connection Procedure:** "The jet bridge connection procedure ensures a smooth transition for passengers between the terminal and the aircraft."
- **Lost and Found Claim Form:** "If you've lost any belongings during the flight, complete a lost and found claim form to initiate the search process."
- **Onboard Medical Emergency Kit:** "Flight crews are equipped with an onboard medical emergency kit to respond to medical situations during the flight."
- **Passenger Briefing Document:** "The passenger briefing document provides important safety information and instructions for passengers."
- **Passenger Manifest Verification:** "Crew members conduct passenger manifest verification to account for all passengers on board before departure."
- **Pilot Communication Frequency:** "Pilots communicate with air traffic control using a designated frequency for safe and efficient airspace management."
- **Pre-boarding Announcement Script:** "The pre-boarding announcement script is carefully crafted to guide passengers through the boarding process."
